Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 18 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain at first, becoming drier overnight. Breezy and very mild.

This Evening and Tonight:
Cloud and outbreaks of light rain will gradually clear south and eastwards this evening, becoming drier for a time, before further rain approaches from the southwest towards dawn. A breezy and very mild night ahead for many. Minimum temperature 14 deg C (57 deg F).

Tuesday:
Outbreaks of rain will move east across the region in the morning. Becoming drier and brighter briefly in the afternoon before further heavy rain arrives later. Breezy and warm. Maximum temperature 19 deg C (66 deg F).

Outlook for Wednesday to Friday:
Unsettled on Wednesday and Thursday with spells of rain at times. Temperatures starting well above the average, but turning cooler Thursday and Friday, with further showers and coastal gales.
